

We are taking a bold step in firming and smoothing. After two years of work, we are ready to give you three products that are the quintessence of the vision of Resibo cosmetics. They will certainly look good on you.

**Eye Guru, Babyface, and Royal Therapy** are cosmetics that will smooth and firm your skin. Get ready for:

1. immediate action
2. long-lasting and in-depth effects
3. minimized risk of irritation.

How can you be sure that this trio will give a spectacular effect on the skin? From our experience and conducted research. In the new cosmetics, we have combined natural raw materials that proved effective with the most powerful, best-researched substances on the market, creating stable formulations that we have repeatedly tested and subjected to thorough research. **And that's what modern nature is for us.**

## eye guru spectacular eye treatment

spectacularly improves eye contour

the testers who participated in the application tests confirm the spectacular effects:

- **100%** notice that the cream improves skin tightness and nourishment
- **95%** confirm greater firmness, elasticity, and flexibility of the skin
- **91%** see a reduction in signs of fatigue and puffiness under the eyes
- **82%** see a visible reduction in the depth of wrinkles
